

My hair grows every day. I need a haircut.

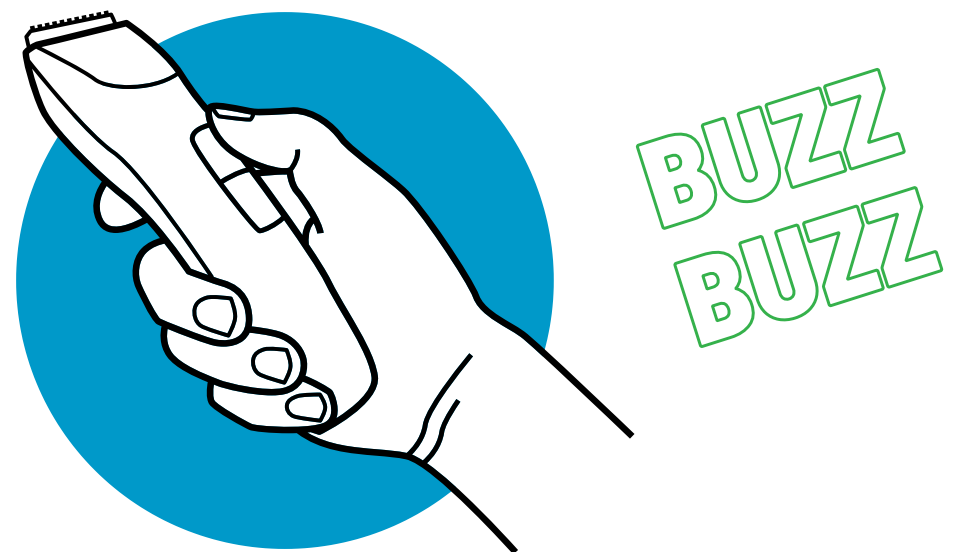

I will sit quietly in a chair and wear a cool cape.

The barber will use scissors to cut my hair.
The scissors make a funny sound.

YOU
ARE
BRAVE

The barber will use clippers to trim the hair around my ears. They make a funny sound.

The hairs that are cut make me feel itchy.
The person cutting my hair will use a silly
brush or a warm air dryer to blow the itchy
hairs off of me and my cape.

I get to look at myself in the
mirror. I look great!

Everyone is so proud of me.

WAY TO GO! High Five!
I am not afraid of getting my hair cut.
